Jewish Pedo Terrorist Alexander Treisman's Plot to Kill Biden, Far Left Boogaloo Bois Shoot at Cops While Yelling "Justice for Floyd" and the Jewish Roots of the Anti-Trump Russiagate Coup

Treisman, the son of a prominent Jewish attorney, has been arrested on several counts of child pornography and purchasing weapons with the purpose of assassinating Joe Biden. Most news reports of this don't mention his jewish roots and I presume this crime will be reported in the "White" section of FBI crime stats. Only Jewish newspapers report his Jewish heritage. This will also inflate the White crime rate, which I've said many times is next to zero.

Next, we have the "far-right" Boogaloo Bois who have charged with inciting a riot and firing guns at a police precinct as they shouted "Justice for Floyd". These are far left anarchists who hate Trump and support canonizing black criminals like George Floyd and probably want the police abolished, positions I doubt would go down well at an alt-right gathering. Yet the media has continued to call them far right, simply because the term Boogaloo has been used by some pepes to refer to the coming race war, as though the war of sorts isn't already here.

Finally, Eric Striker has exposed the Jewish roots of the baseless Russia conspiracy of collusion with the Trump campaign and election interference. What is most abhorrent about the deep state, security state, foreign policy establishment and intel community is no on has or is ever held accountable for starting illegal

wars, conducting CIA assassination coups against third-world democratically elected leaders to steal their natural resources to sell to American corporations or for perpetuating a neo-Cold war era American empire for Zionist foreign policy:

> The gravest problem now with our Jewish controlled media is that all of the Iraq war disinformation agents, not just Miller, are now amongst the loudest amplifiers of the US intelligence community's latest baseless hysterics alleging that every act of low-level trolling, dissenting political opinion, or news report (including initially the Hunter Biden story) that they find inconvenient is an inorganic product of Russian, Chinese or Iranian "election meddling" or "disinformation." From weapons of mass destruction to weapons of mass distraction, both personify the Jewish post-truth order.

The Jewish run media is so insistent on the continuing the neo-colonialism of the American empire to enrich their ethnostate and the oil companies they run, that they've overplayed their hand. The foreign policy of the status quo has never been more unpopular. Americans are sick of war, belligerence and nation-building. Bring the troops home and defund the Pentagon. Spend that money on healthcare, infrastructure, student debt forgiveness, free college and a Green New Deal.
